How to Activate your AUM Student Account

1. Type my.aum.edu into your browser.

2. Click on "First Time User" underneath the orange Login button.

3. On the next page enter your **Student ID number**. (This is the 9 digit number given to you by the Admissions Office in your admission letter that begins with S0. Use a capital S and zeros, not the letter O.)

4. Click on the red calendar below the Student ID blank and choose your **birth date** from the calendar that pops up then click *Submit*.

5. Your username and password will appear on the next page. WRITE DOWN your username and password.

6. Click on *Take me to my AUM.*

7. On the next page, enter your username and password then click *Login*.

8. **PLEASE NOTE:** The first time you log into your account, it is *required* that you set password recovery questions and answers for yourself and that you change the password. Choose questions & answers and a password that you can easily remember. WRITE DOWN your username and new password. Keep in a safe location for future reference.

9. From your My AUM page, you can access your **email** account, **Blackboard** course-management system, **Webster** registration system to register for classes and **Webpay** to manage your university financial account.
